Report on the Administration of the Partabgarh State in Rajputana for the year ending 30th September, 1914.

CHAPTER I.

General and Political.

1 **General Aspects** *The Partabgarh State is one of the three Sisodia States, in the Political Charge of the Political Agent Southern Rajputana States, who is subordinate to the Resident in Mewar. It covers an area of 886 square miles, the population numbered 62,704 at the census of 1911. It is bounded on the North and North East by the Udaipur, Gwalior and Indore States, on the South and South East by the Gwalior territory and the Piphla Estate, on the East and East South by the Gwalior and Jaora States, and on the West by the Udaipur and Banswara States. The gross revenue of the past 5 years, averages Rs. 375266/-, while the average ordinary revenue being Rs. 399841/. The annual tribute payable to the British Government in two instalments, is, 36350/ which being larger in comparison with the other minor States of the same States, the higher authorities were requested to consider over the facts. The chief has the power of life and death and enjoys the right of adoption. The salute is of 15 guns. The administration of the State is conducted by the Mahakma Khas under the Supervision of the Maharaj Kumar Sahib.*

2 **Ruling Chief and his family.** *The present chief is His Highness Maharajadhiraj Maharawal Shri Sir Raghunath Singhji Bahadur K. C. I. E. of the Sisodia clan of Rayputs of the Ruling house of Udaipur, Mewar. He is at present 55 years old and this is the 24th year of his rule. He is related by marriage with the Chiefs of Bikaner Khetri (Jaipur) Pisangan (Ajmer) Samaha & Sarhana (in Central India) Tehri in Garhwal and Dhangdhra in Kathiawar, and by blood to the house of Udaipur Dungarpur and Banswara. His Highness has two sons only. The heir apparent Maharaj Kunwar Shri Mansinghji Bahadur, is the head of the administration, who takes keen interest in every branch of the State, and has made great many reforms in the administration. The younger son Gordhansinghji is the Maharaj of Arnaud and is being educated at the Mayo College, Ajmer. Maharaj Kumar Mansinghji has got one son & one daughter, the former Bhimwantal Ramsingh is 7 years old and the latter has stepped to her 3rd year of age.*

among them whose countenance was not lit up with an eloquent expression of ecstatic joy

By four in the evening the public began to pour in streams towards the Bungalow compound where at the gate they were all heartily welcomed and pointed to seats in various blocks raised for the purpose. The ceremonies and rituals connected with this auspicious occasion were to be gone through under a Shamiana of capacious magnitude and tasteful decorations and which was so artfully put up in a central position as to afford an easy enjoyment of the proceedings there-under by all those assembled

At a respectful distance in all directions from the pandal was a nice arrangement of troops, cavalry and the police to perform their respective duties assigned

As per programme, His Highness the Maharawat accompanied by the heir apparent Shriman Maharaj Kumar Man Singhji, Maharaj Kumar Girdhan Singh, Maharaj Pithi Singh, & Maharaj Balwant Singh, left the Royal palace exactly as the clock struck six, and after a short prayer to the Almighty in the temple of Shri Bijay Raghoji the party proceeded with all dignity to the Shamiana; where a Guard of Honour provided by State Military presented arms and a salute of 15 guns was fired as His Highness the Maharawat was gracefully conducted to the Masnad

Then was observed the Nazar ceremony opened by the heir apparent Shriman Maharaj Kumar Man Singhji who being the first in order to present his Nazar followed in succession by Maharaj Kumar Girdhan Singh, Maharaj Pithi Singh and Maharaj Balwant Singh. As per Programme the Umrons, still waiting outside, were then ushered in, to have their turns. After these the Secretary to the Maharaj Kumar Sahib, Munshi Soojan Mull Bantia, had had his turn followed in successive order by Tazimi Sardars, State officials and others

This opening and initial ceremony having been done with were taken up other minor rites peculiar to such occasion. Immediately on their conclusion Munshi Soojan Mull Bantia the Secretary to the Maharaj Kunwar Sahib rose up and in a neat but tolerably long Speech while paying in eloquent terms a warm tribute to the zeal and gifted capacity of Shriman Maharaj Kunwar Sahib as an able administrator, admirably traced the history of gradual progress in the State administration and suggested some of those important schemes worthy of adoption and easy to work the State machinery to its high efficient power, but the salient features the concluding portion of the Speech and which he specially dwelt upon were the following (1) Remission of Rs 58590/12/6, as debts and other dues against several Jagirdars, Cultivators and

at the close of Sambat year 1968. (2) Grant of 150 litras of land as charity to Brahmins and Roes. (3) The conferment of Honor of two Chiswars (Flippers) on Maharaj Kumar Girdhar Singh (Tukana Armod) (4) An annual reduction of Rs 500 in tribute payable to the State by the Thakur of Sathali (5) Rikhabdas of Sonu (Gold in fact) and Tazim (Respect) to the respective Jagirdars of Deval and Nagdi and Tazim (Respect) to the Jagirdar of Scharpura Senior. (6) The restoration of respective Tukanas to the Jagirdars of Mohampura, and Machhadur hitherto under Confiscation to the Khalsa and (7) The abolition of Pinhey School Cess hitherto leviable on all kinds of endowments.

The last but not the least and to the great joy of the assembly was the announcement of " Free tuition " to the School going public in the State surely a so much needed and so well cherished boon for the mental welfare of the people.

Followed by the speech was a sweet recitation of poetic composition by birds and others

The last but one more custom so peculiar to oriental taste—the untiring proof of munificence by Eastern Regality and which brought the day's proceedings to a close, was a lavish tossing up of coins in silver and gold to a crowd of paupers assembled at the gate of Palace who thus went away gratified beyond measure & ended with invocative prayers for the blessings on the head of the Ruling Chief, the Shriman Maharaj Kumar Sahib and the rest of family.

By night fall at about 9 was a grand display of firework as a lively supplement to the fading memories of the day's events

(b) Associated with the lively functions of the Jubilee ceremony it was arranged with equal spirit to commemorate the event of His Highness the Maharaja's being Honored with the insignia of K. C. I. E. on the 16th of November 1912 at Ajmer by His Excellency the Viceroy as the Grand Master.

Personnel Ghanges.

7. At the opening of the State official year Shah RikhabDas Khattarsra of Udaipur came in to take over charge of the office of the Superintendent Police from Parbat Shanker Rao who having gone as a temporary measure to Udaipur to officiate for the Residency Vakil Mirza Mohammadbeg granted leave, but after a lapse of 14 months the former gentleman (S. Rikhabdas K.) in Capacity of the permanent incumbent had to relieve Munshi SoojanMall Bant

the Secretary to the Maharaj Kunwar Sahib, in temporary charge of the state Accounts office

8 Shah Ruttan Lall the Secretary State Council having been elected as a member in the said Council was succeeded by Pandit Sri Narain Ojha a Government pensioner from Ajmer; but he after nearly a month's time had to resign his new appointment under a pressing call of domestic difficulties; & Shah Rikhabdas Khameshra had to take charge of his responsible office & was also made the Member of the Council besides his equally important duties of the state Accountant. As a temporary arrangement the functions connected with the post left vacant by transferenc of Shah Rikhab das Khamesra to the Accounts Branch were to devolve upon Pandit Shanker Rao on his return from Udaipur and which duties he continued to satisfactorily perform, till on 9th April 1914, Pandit S A Rikheswar was called in from Jodhpur to permanently relieve him as the Police Superintendent

CHAPTER II.

Administration of Land.

9 This was the eighth year of the Settlement made by Mr. A T Holme. The land revenue was realized without adopting any coercive measures as usual.

10 It being a general question that the ladies of the Raj family can not manage their Estates with satisfaction, the matter was long since receiving the attention of the Maharaj Kunwar Sahib, and was brought to the conclusion, without any hindrance this year. The villages in their Jagu were attached to the state and an adequate monthly stipend, sanctioned to be paid to them, in lieu of their villages.

11 The Jagu villages of the deceased younger Kunwaraniji Sahib (Punwarji) were also amalgamated in the State, during the year under report.

12 Muwafi cases numbering to 31 were disposed of by the Maharaj Kunwar Sahib during the year under review

13 The figures in Bighas giving below will show the variations in the irrigated area in the successive five years

Sambat	Opium.	Sugarcane	vegetables.	Grains.	Total.
1966.	2115.	155	101.	1632.	4003.
1967	3234.	175	81.	755.	4245.
1968	1818	187.	110.	311	2416.
1969	834.	118	282	3662	4896.
1970.	539	171.	237.	3572,	4519.

14. The reduction is due to the restriction made in the Poppa collection.

15. Tiqua advances amounting to Rs 7,583/- were due, as mentioned in the preceding year, from the cultivators at the end of Sambat year 1969, Rupees 688/- only have been advanced as Tiqua during the year, & thus the total comes to Rs. 8,271/- out of which the sum of Rs 3,911/- was remitted on the auspicious occasion of the Silver Jubilee of of His Highness the Durbar and Rs. 1,210/- have been recovered during the year under report. Thus the balance amounting to Rs 3,150/- remains to be due under this head, from the agriculturists at the end of the year under review, which will be recovered by small instalments, keeping in view the State of the cultivators

16. The variation in demands and collections of the year and in the area under cultivation compared with the corresponding figures of 1912—13 are as follows.—

Last year (1969)

Demand	Collection	Cultivated area
135733	133992	109031

Present year (1970)

156532	155419	118024
--------	--------	--------

Note — The area of the 8 villages of Jagir has been added in the figure of this year.

17. The settlement on the whole, has made fair progress successively, which can be seen from the following figures when compared with that of Sambat 1963, the first year of the settlement —

Sambat	Demand	Collection	Balance
1963	1,35,149	1,29,386	5,763
1964	1,30,292	1,09,781	20,511
1965	1,35,139	1,29,184	6,955
1966	1,45,540	1,33,580	8,960
1967	1,46,316	1,37,213	9,103
1968	1,38,084	1,36,630	1,454
1969	1,35,733	1,32,162	1,741
1970	1,56,532	1,55,319	1,113

18. It includes the revenue amounting to Rs 14,037/2/9 of the villages of Jagir as shown below, which have been attached to the State this year, as referred in para 10.

Her Highness Maha- raja Sahib's Jagir villages.	Elder Kunwarani Sahib's Jagir villages	Younger Kunwarani Sahib's Jagir villages
1 Bori	1 Nogama	1 Magroda
2 Semlope	2 Mowai	2 Kulthana
3 Punmori	3 Achalpuria	

19 At the close of the last year the total amount of arrears was Rs 24,028/- of which Rs 21,527/- remitted in commemoration of Silver Jubilee of His Highness the Durbar, and Rs 1,747/- have been realized during the year, thus the total comes to Rs. 23,274/ Rs 1,113/- only, remained in arrears of current year and therefore the total amount of arrears outstanding at the end of the year under report, was Rs. 1,867' only

20 The collections were satisfactory which is due to the efforts and diligence of Maharaj Balwant Singh, the revenue officer.

21. Though he is appointed only last year, yet he has grasped the work and discharges the duties ably I am sure he will gain vast experience of the Department in a certain but short period & turn out an efficient officer for the revenue Department.

22 **Administrative changes** The post of Naib Tehsildar has this year again brought under reduction, and there seems no need to reinstate it as was done in the last year

23 Fallow land amounting to Bighas 5278 have been brought under cultivation, and 304 Bighas of Bui were given on lease, the revenue of which being Rs 2,974/- and Rs 106/- respectively Resignation of 40 Bighas, the revenue of which aggregating to Rs 59/- were submitted and sanctioned, out of which 14 Bighas were given for cultivation to other cultivators

24 **Restoration and Confiscation** The villages of Mohkumpura and Muchlani have been re-gianted to their Jagirdars on the Silver Jubilee of His Highness the Durbar These villages were since long under confiscation owing to the non payment of the tribute by the Jagirdars About 157/-Bighas of land in different places were restored while nearly 200 Bighas were confiscated

25 Neither survey nor settlement have been made of any Khalsa village, during the year under review.

CHAPTER III.

Protection

26. **Legislation.** No new act was introduced this year.

27. **Military force** At present the military force forms a part of the police. The serviceable guns are 10 and that of unserviceable 9 in number. The cavalry are armed with lances and Single barrel Muzzle loading guns while the police with smooth bore Martini Rifles. Their knowledge of drill is rudimentary and their efficiency from a Military point of view is very small but they serve the purposes they are maintained for. In addition to the above force the Jagirdars are under the obligation of furnishing Sowars for service whenever required, for the Jagirs they hold. [Vide appendix III]

28. The present force consists of 223 men of whom 46 are stationed in the Magra Zilla [hilly tract] The cost of the force for the year under report has been Rs. 21,322-15/9 against Rs. 20,963-12-5 in the preceding year.

31. The Municipal chokidars work under the Superintendent of police, who exercises a direct control over them. Their number including the Jamindars is 22

32. The principal Jagirdars keep their own police directly supervised by the State Superintendent of Police. The Police of the Dhamotar, Raipur and Arnaud Estates are in better condition than that in the other Thikanas, and it is a matter of regret to record that 2 of the Thikanas keep a nominal police, who can not work at all. It is therefore under the consideration of the Maharaj Kumar to organise them too, on the line of the State Police

33. There is one police man for every 4 square miles and to 254 inhabitants taking the census figure of 1911. The State police is divided into following grades

Superintendent	..	1

39 None of the Moghias was punished during the year under review.

40 **Criminal Justice.** The State council (Raj Sabha) is the highest tribunal of Justice in the State and has the power to take up cases both on their original and appellate side and can frame and legislate Laws and regulations from time to time subject to the approval and sanction of His Highness the Maharawat Sahib. This Court also receives and disposes of references from and exercises powers of appeal and revisions over all the Civil & Criminal Courts of the State and can pass a death sentence when the Chief himself presides at a trial for Murder. The Rajsabha when exercising power as original Court can have its decisions appealed to & orders revised by His Highness the Maharawat Sahib, but when orders and decisions have been passed by this Court on appeal or

over to it from any of the subordinate courts there is no further appeal to His Highness, but the parties are allowed to apply for revision of the orders passed on appeal.

The number of appeals revisions and reviews in civil suits filed in the Rajabha was 943. 84 were in arrears of the last year, the total being 178 in all, out of these 144 were disposed of leaving 34 pending at the close of the year. 47. Munsif Jagdishchait Mathur B. A. L. L. B. the judicial officer has done his work most satisfactorily, he shows keen interest in the functions peculiar to his duties.

48 The principal feudatories that is, Dhamotai, Raipur, Arnoud, Salimgarh, Achhoda, Jhantla, Bardia, Kalyanpura, and Dabia, also exercise the second class power of a Magistrate, and enjoy the privilege of exercising civil powers on a limited scale, within their own Estates. The appeals against the decisions of the Jagudais' courts both civil & criminal are heard by the Magistrate and civil Judge of the State. The Thakur of Kalyanpura was allowed a period of 6 months to make the improvement in connection with his Judicial powers, but he has been quite unable to ameliorate a bit and it is going from bad to worse. Out of the empowered Feudatories Jhantla and Achhoda are under the management of the Court of wards owing to the minority of the Jagudars.

CHAPTER IV.

Production and Distribution.

66 The rainfall was generally favourable and the yield of both the *Aburif* and *Rabi* crops normally satisfactory, except *hinged* which suffered a little owing to the damage caused by insects. The monsoon rains set in earlier & with drawn in September.

67 **Wages and Labour** The supply of labour is very scarce for the last 2 years, consequently the wages have been raised to some extent

The rates are as under:—

Day Labour	Rs	7/8	P.	M.
Groom	"	6/.	"	"

69 This is the eighth year of the lease of the Central Distillery and the system worked satisfactorily under the *Mahakma Khas*. The liquor shops are 67 in number, in *Kbalsa* and *Jagir* villages as against 65 in the preceding year, and the number increases every year.

71 Two candidates, Keshu Lal and Shahib Lal Khasgi wala were sent to Dhuli for Excise training this year and both of them passed their Examinations creditably

72 **Forest** This department continued under the supervision of Mr. Rustomji Framji the Customs Superintendent. Dulel Singh was appointed as a Forester, on 12th June 1913. This department still stands, as mentioned in the last years report, in need of certain reforms, which are under the consideration of the Maharaj Kunwar Sahib. It will make a good improvement if the reforms are brought into force. The total income amounted to Rs. 2221/15/9 (including the grazing tax) as against Rs. 2481/- in the preceding year. The estimated budget amount was Rs. 3500/.

73 **Mines and minerals** No operations to explore for minerals and other economic products were conducted during the year under review, but Pandit Rikheswar the Police Superintendent has collected from the hilly tracts, some of the stones as specimen, to be analysed.

74 **Trade** The local trade consists of nothing important beyond the export of the surplus agricultural produce of the country and the import of condiments, cloth, Kerosine oil & other necessaries of life. The principal produce are Juar, Makki, Til, Cotton, Opium, wheat, gram and linseed. The trade in general was a little better than the last year, except the opium trade which was very dull, this depression is chiefly attributable to the low prices obtainable for the drug during the last successive 3 years. The export of the opium chests was entirely abolished and the strict restriction has been imposed on poppy cultivation. It is obvious that the Merchants and the ryots will suffer to a great extent as well as the State to a certain extent until some substitute is found to match the opium.

75 The principal articles of import are Sugar, Gur, Salt, Tobacco, Kerosine oil & Cloth. In the following statement the volume of trade of the previous year is compared with that of the present year.

Import.

84 The State during the year under report remained free from the epidemic disease of Plague and Cholera.

85 The economic condition of the people continued to be fairly improving as during the year under review a large export of cotton and Sua in particular was the principal means of fetching a good margin of profit to the pockets of traders, besides the areas sown with various crops yielded an excellent harvest which had no mean effect in stirring the commercial activity and strengthening the resources of the people in general to cope with successfully the eccentricities of Nature if any.

86 There was no emigration and immigration worth noticing this year and the prices of the food stuffs having for the time being shown a little upwards tendency, soon fell to their normal level.

The financial year of the State began from the 1st October 1913 with an opening balance of Rs. 23,732/- and the gross receipt and tallies for the year ending 30th September 1914 was Rs. 4,22,609/- while that of the last year was Rs. 6,69,268/12/- but this included the windfall brought about by the proceeds of opium sale & distributed in proportion between the Native States & the Government of India. The total expenditure was Rs. 4,32,809/- against Rs. 7,13,850/10 in the preceding year.

88. Inviting a reference to para 74 of the last year's report it is with feelings of greatest pleasure to record that the State has during this year been able to claim a perfect immunity from any debt that was ever owed to the Government.

89. The collections under various heads of the State revenue have exceeded the budget estimates by about Rs. 88,009/-. For this count is due to all officials concerned and especially the Mahakma Khans which strictly supervised receipts and expenditures.

99 Out of the 14 Rajput boys who appeared for the class examinations 12 came out successful and were promoted accordingly to the next higher classes during the year, this show that their general progress has been satisfactory through out & which mainly is due to the keen interest taken by the Head master in their education.

100 During the year under report Unharsingh the Superintendent Boarding House, Pinhey Nobles' School, was pensioned out of service and Thakur Devi Singh of Mandavara has been appointed in his place.

102. Along with all the rural Schools in the State show a good progress with the exception of those at Nimora & Rathwara which are reported to be behind the general rate of progress maintained by sister institutions.

103. It is a matter of great regret that all of the boys sent up for the Rajputana Middle School examination, Ajmer, came out unsuccessful, the failure in question being chiefly due to Sanskrit the second language in all cases and it is hoped that Head master will be careful in future.

Vide appendix XXV.
